

REQUEST TO ATTEND CAMX 2020 VIRTUAL CONFERENCE AND EXHIBITION

Dear _____

I am requesting your approval to virtually attend [CAMX 2020 | A Virtual Experience](#) taking place September 21-24. CAMX—the Composites and Advanced Materials Expo—is the largest, most comprehensive composites and advanced materials event in North America for products, solutions, networking, and advanced industry thinking.

Why should I attend CAMX 2020 | A Virtual Experience?

1. CAMX is the only composites and advanced materials event happening this year, so I would like to get business done and discover the latest in the industry.
2. This will give me an opportunity to directly engage with domestic and international buyers, manufacturers and suppliers—spanning the Aerospace/Aircraft, Automotive, Marine, Energy and many other industries.
3. Industry experts will be presenting technology challenges and solutions they have uncovered – what better way to advance my knowledge and move forward in meeting our organization’s project goals than learning these solutions first-hand.
4. With over 100 technical presentations offered, and the opportunity to network with the industry’s top exhibiting companies, potential solutions are available.

CAMX provides a great blend of education, innovations, technology solutions, and networking opportunities for everyone. In fact, if you’re not sure, check out the CAMX website for more details.

Below is the approximate cost of attending for your review:

Registration: _____

Total: _____

Since CAMX is completely virtual this year, I can attend for one fixed low price without incurring additional costly expenses associated with in-person conferences, including travel, lodging, and per diem. I think you’ll agree that this is a small investment when we consider the value I will bring back. Thank you for your consideration and support of my professional development – I look forward to hearing from you!

Best Regards,

CAMX REGISTRATION RATES

The current registration rates are available online at theCAMX.org/registration.
